IN ITS TRUE SENSE FOR ANIMALS  
**JUST LIKE** HUMAN LAB DOES FOR US

**INDIA'S FIRST**

**PROFESSIONALLY MANAGED  
VETERINARY DIAGNOSTIC  
LABORATORY**

**ONE STOP VETERINARY DIAGNOSTIC SOLUTIONS**

(A DIVISION OF **ALL VET** DIAGNOSTIC SOLUTIONS PVT. LTD.)

## OUR VISION

“To become the most *Reliable* and *Respectable* Veterinary diagnostic solutions provider in the country.”

## OUR MISSION

- To provide the best customer services by offering superior value based on laboratory experience and knowledge, dedication to quality, use of current technology and reliability of laboratory results.
- To provide diagnostic solutions for all segments of animal health industry.
- To provide both routine as well as specialized test.
- To bring latest technical know how by associating with international laboratories.
- To bring awareness among veterinary community on the importance of diagnosis based treatment through knowledge sharing.
- To provide the services through PAN India presence.

## OUR PROFILE

VETLAB is a division of ALL VET DIAGNOSTIC SOLUTIONS PVT LTD and providing services of veterinary diagnostic and imaging .The Company is managed by a team of techno professionals. VETLAB venture is now five years old with three labs/ center in Delhi/NCR. VETLAB had captured most of the market in Delhi /NCR and also associated with many Govt /Semi Govt / NGO / Security forces / Private Organizations and meeting the diagnostic requirements of their animal. VETLAB had tied up with three international companies like Spectrum Lab USA / Biobest UK / Biogal Israel through which we provide specialized / advance tests.

Dr. Maneesh Kumar Gupta who himself is a *Veterinarian* and leading this venture along with a team of fellow veterinarians. He had more than 23 years of experience in field of Animal health care and a proven track record of building customer centric successful business models and creating values for all stakeholders. He wants to make veterinary diagnosis an integral part of animal health and treatment by creating a chain of VETLAB across India.

# Quality & Compliance

We are ISO 9001-2008 accredited laboratory in Quality Management system. We follow the best of the standards. The standard includes guidelines to users of the laboratory service, the collection of patient samples, the interpretation of test results, acceptable turnaround times & the laboratory's role in the education and training of health care staff.

To meet or exceed those guidelines

VETLAB instituted the following policies:

- Select analyzers and test methodologies that use latest technology to provide the most current, accurate and dependable test results available.
- Challenge analyzers with daily calibration with quality control material to continually ensure proper function and delivery of accurate and reliable results.
- Use laboratory information system to support all aspects of VETLAB.
- Participate in external proficiency testing programs that assure consistent reliability and accuracy over time.
- Use regular evaluation of customer needs to ensure VETLAB provides excellent and up-to-date diagnostic information sufficient for making clinical decisions.
- Provide a dependable courier system for the transport of samples within time frames that allow prompt turn-around of results.

## **BUSINESS ASSOCIATES !**

Veterinary Diagnostic is an upcoming segment of animal health market and diagnosis being very important component of animal health care. Currently this service is through human labs as well as from unorganized segment. The way dairy business, ownership of companion animals is growing there is huge potential in this market. With first mover advantage anyone has great opportunity to make it a profitable business in a short span of time as well as handsome growth in coming years .

To expand its presence and extend its services across India VETLAB is looking for Right business partners as franchise lab, collection centers in different parts of India. We provide all technical knowhow and required training to our business associates to make this a successful venture.
